Section 1 – Introduction

This directory provides a current list of Premera Blue Cross Medicare Advantage network providers and pharmacies. To get detailed information about your healthcare coverage, please see your Evidence of Coverage (EOC).

You will have to choose one of our network providers listed in this directory to be your primary care provider (PCP). Generally, you must get your healthcare services from your PCP.

The network providers listed in this directory have agreed to provide you with your healthcare and pharmacy services. You may go to any of our network providers listed in this directory however some services may require a referral. In some cases, you may get covered services from non-network providers. Please reference the EOC for more information.

You must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor Premera Blue Cross Medicare Advantage will be responsible for the costs.

If an out-of-network provider asks you to pay for covered services, please call Customer Service before paying at 888-850-8526 (TTY: 711) 8 a.m. to 8 p.m., 7 days per week from October 1 through March 31; or 8 a.m. to 8 p.m., Monday through Friday from April 1 to September 30.

If an out-of-network provider bills you, you should not pay the bill. You should submit it to the plan for processing and determination of liability.

You may also mail your claim to:
PBC Medicare Advantage Plans
PO Box 211151
Eagan, MN 55121

Standard appointment wait times for primary care and behavioral healthcare are as follows:

- Urgently needed services or emergency—immediately
- Services that are not emergency or urgently needed, but requires medical attention—within 7 business days
- Routine and preventive care—within 30 business days

If you are having difficulty getting an appointment, please contact our Premera Blue Cross Medicare Advantage Customer Service team for assistance at 888-850-8526 (TTY: 711) 8 a.m. to 8 p.m., 7 days per week from October 1 through March 31; or 8 a.m. to 8 p.m., Monday through Friday from April 1 to September 30.

In an emergency, you can get care immediately. You do not have to contact your PCP or get authorization in an emergency. Call 911 for immediate help or go directly to the nearest emergency room, hospital, or urgent care center.
You may get covered emergency care whenever you need it. Our plans cover emergency ambulance services in situations where getting to the emergency room in any other way

could endanger your health. Emergency care is covered worldwide.

If you have an emergency, we will talk with the providers who are giving you emergency care to help manage and follow up on your care. The providers who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Under Premera Blue Cross Medicare Advantage plans, your follow-up care will need to be provided by an in-network provider to be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for in-network providers to take over care as soon as your medical condition and the circumstances allow. In most cases, follow-up care is covered only if it is provided in the United States. Please consult your EOC or Summary of Benefits for additional details.

You must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor Premera Blue Cross Medicare Advantage plans will be responsible for the costs.

Network Pharmacies

This booklet provides a current list of Premera Blue Cross Medicare Advantage network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the EOC and the Premera Blue Cross Medicare Advantage plans formulary.

When this pharmacy directory refers to “we,” “us,” or “our,” it means Premera Blue Cross. When it refers to “plan” or “our plan,” it means Premera Blue Cross Medicare Advantage plans.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under our plan only if they are filled at a network pharmacy or through our mail-order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription. You can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your EOC.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 12/01/24. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail-order delivery program. For more information, please contact us or see the mail-order section of this pharmacy directory.

We also list pharmacies that are in our network but are outside of our service areas, which include Cowlitz, Island, King, Kitsap, Lewis, Pierce, San Juan, Skagit, Snohomish, Spokane, Stevens, Thurston, Walla Walla and Whatcom counties, the area in which you live. You may also fill your prescriptions at these pharmacies. For more information, please see the section in this Provider and Pharmacy Directory on network pharmacies or contact us at the information provided on the front and back cover pages.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

Mail-Order Pharmacies

You can get prescription drugs shipped to your home through our network mail-order delivery program which is called the CVS Caremark Mail Order Pharmacy.

If you have used mail-order services with your current plan before, or if you opt in now, our pharmacy will automatically fill and ship new prescriptions received directly from your providers or other prescribers. You may opt out of automatic deliveries of new prescriptions at any time by contacting customer service. If you have never had mail-order delivery or decide to stop automatic fills of new prescriptions, we will contact you each time we get a new prescription from a provider to see if you want the medication filled and shipped at that time. This will give you an opportunity to make sure that the correct drug (including strength, amount, and form) will be delivered, and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped.

For refills of your mail-order prescriptions, you have the option to sign up for an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact us 15 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact customer service.

Typically, you should expect to receive your prescription drugs within 10 days from the time that the mail-order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at 888-850-8526 (TTY: 711) 8 a.m. to 8 p.m., 7 days per week from October 1 through March 31; or 8 a.m. to 8 p.m., Monday through Friday from April 1 to September 30.
