

Premera Blue Cross will no longer support the NSF T0301 professional claims format in 2009

FEATURE Articles

National Provider Identifier (NPI) Update

Some providers and billing agents are not yet using the mandated NPI for the Billing Provider and the Pay to Provider (when used). Please ensure that your billing system has been updated to include the required NPI. The EDI Team will be contacting those providers who are not yet using the NPI. If you are not sure how to bill your claims electronically using the NPI, please contact your billing system vendor for assistance.

NSF T0301 Format Discontinuation is Quickly Approaching

Premera Blue Cross will no longer support the NSF T0301 professional claims format in 2009, due to limitations of this format for future mandates, such as ICD-10 with expanded diagnosis coding. Providers, billing agents and software vendors have been notified that we will discontinue the National Standard Format (NSF) version T0301 in 4th Quarter 2008.

Providers and billing agents currently using the NSF T0301 format, who have not yet contacted their billing system software vendor to begin preparations to transition to the ANSI X12 837 (version 4010A1) professional claims format, must do so without delay. If you are unable to make this transition with your current vendor, please contact the EDI Team

for assistance in searching for an alternative solution. Our EDI team members can provide a list of companies and Clearinghouses that we have successfully

worked with and can assist you in transitioning to the HIPAA compliant 837 professional claims format.

Please call the EDI Team if you have questions or concerns regarding your efforts in making this transition at 1-800-435-2715, or send us an e-mail at edi@premera.com.

Coordination of Benefits (COB) When Premera is Secondary

If you bill your claims electronically in the HIPAA ANSI X12 837 (version 4010A1), you can submit secondary claims. Once the primary payor has processed a claim, you can send it electronically to Premera Blue Cross. For successful submission, you must include the primary payor processing information on the claim. This includes:

- Primary Payor Name
- Primary Payor Member ID for the patient
- Primary Payor Allowed Amount
- Primary Payor Payment Amount
- Primary Payor reason for non-payment (i.e., non-covered service, applied to deductible, benefit max, etc)
- Primary Payor Adjudication Date for claim is required

Premera Blue Cross secondary to Medicare claims are automatically sent to Premera by Medicare after Medicare has processed the claim. To prevent duplicate claim submission, please do not bill these claims to Premera if your Medicare Explanation of Benefits indicates the claim was forwarded (or crossed over) to the secondary payor.

New FEP Voucher Deduct Process

Effective July 2008, an automatic voucher deduction will be implemented for the Federal Employee Program (FEP) to process overpayment take-backs. The result of this implementation will change the Premera Blue Cross 835 Electronic Remittance Advice (ERA) when an automatic overpayment deduction is made during claim processing.

The change to the 835 ERA will occur in the Provider Adjustment (PLB) Segment. To provide you with information to reconcile your patient account(s), we will reflect the provider Patient Account Number(s) for claims involved in each related automatic voucher deduction. Following are examples of how the PLB Segment will appear as the result of this change:

The PLB Segment created for the FEP automatic voucher deductions will contain:

PLB*fepprovider#*yearenddate*WO:feclaimnumberpatientaccnumber*-recoveredamount~

Note, the 'WO' preceding the ':' indicates: Overpayment Recovery

Example of PLB Segment with provider Patient Account Number present:

PLB*1013969195*20081231*WO:807017657500PAN888777666555444*-105.2~
:FEPclaim###18positionpatient acct#*

Example of PLB Segment when provider Patient Account Number is not present:

PLB*1013969195*20081231*WO:807017657500*-105.2~
:FEPclaim###*

For additional information regarding the FEP automatic voucher deduction overpayment process, please call **FEP Customer Service** at 1-800-562-1011. For questions about the 835 ERA process, contact the EDI Team at 1-800-435-2715, or send an e-mail at edi@premera.com.

Corrected Claims Submissions

When submitting a corrected claim electronically using the HIPAA 837 standard claims transaction follow this process:

- Indicate the claim is a corrected claim by using the 'Claim Frequency Type Code' data field.
- The value of this field must be "7" to indicate Replacement of a Prior Claim (this will prevent your claim from being rejected as a duplicate).
- Send a Claim Level Note when possible to indicate the reason for the corrected claim.

Trading Partner Information Update Request

Please contact an EDI representative to ensure we have your current email address, and whenever you update your software vendor, billing service, billing staff, office address or Tax ID. This will allow us to update your records and prevent delivery disruption of your 835 Electronic Remittance Advise (ERA) and electronic reports.

Also, if you wish to delete or add access for your billing staff to our Secure Transport (ST) www.connectiva.com secure web-site, please call the EDI Team at 1-800-435-2715 or fax your changes to 425-918-4234.

Emdeon Payor Listing Update

We encourage you to review and/or obtain the most recent payor listing directly from Emdeon on a monthly basis at: www.emdeon.com. Here is how to access and view this information:

- Page down to (Payor Lists) on right hand side
- Click on arrow button > Medical/Hospital Payers
- Claims Payor List:
 - 'Please Select a Product' arrow down to Direct Submitter
 - 'Payor Type' arrow down to Commercial
 - 'Payor Name' enter name of payor
- Click on View List at the bottom of the page scroll down for payor ID number.

Any payor ID that includes alpha and numeric values with the exception of Tricare (SCW10) and HMA (TH049) defaults to zeros and will reject at Emdeon. Questions regarding the listing should be directed to the Emdeon Payor List Help Line at 1-800-933-6869 or their help desk at 1-800-845-6592.

EDI Notification Process Reminder

To keep our email notification distribution list current, please be sure to email the EDI Team at edi@premera.com or call us at 1-800-435-2715 when your contact information has changed. We use this list to improve EDI communications with our Trading Partners. Be sure to include all email addresses and telephone numbers, with the related Tax ID, and EDI Submitter ID.

Clearinghouse Reports

Downloading the various clearinghouse reports from Secure Transport (ST) will help you avoid lost claims and eligibility errors. The reports contain rejected claim information. Verifying these reports against your office reports ensures accurate tracking of your claims. Please remember the following key points:

- Reports are only available online via ST.
- Retrieving (downloading) your reports regularly ensures notification that we have received your claims and alerts you to claim rejections.
- Rejected claims are not processed; they must be corrected and re-billed.

Electronic Claim Transaction Report (BCWARPT) – Availability

These reports are available for all electronic claim submitters regardless of claim format.

- On-line reports are available after 6 a.m. each day and contain claims processed as follows:
- Files received by 3 p.m. Monday through Friday are processed in that day's cycle with the reports available the following morning.
- Files received after 3 p.m. are processed the next business day with the reports available the following business day.
- **These reports are your only notification of claim receipt or any rejections.**
- Six generations of reports are available:
The most recent transmission report is named '**BCWARPT**'. Older previous transmission reports are named '**BCWARPT1**' through '**BCWARPT5**'.

(For each report file there is a compressed (.EXE) and an uncompressed version).

Note: A recent change was made to the PROCESS NOTES field title on this report, to **PROCESS NOTES / CH TRACKING NO.** This change was made to include and report back the unique claim number when sent by a clearinghouse or other billing agent in the HIPAA 837 professional claim transaction in Loop 2300, REF*D9 segment, to assist in claim reconciliation.

The first part of this field will be for Process Notes when applicable to display *REJECTED* when a claim rejects in the EDI validation process. Following the *REJECTED* message in position 12 of the column (or in position 12 of the column when the claim is not rejected), will be the CH Tracking Number. The CH TRACKING NO is a fixed 20 position field.

837 Transaction Error Report (ANSI X12 Submitter):

The '837 Transaction Error Report' was developed to report claims that reject in the HIPAA validation process. This report provides detailed information regarding the HIPAA validation errors. Claims rejected at this level do not appear on any other report and must be corrected and re-transmitted.

To correctly balance files transmitted to our Clearinghouse, you will need to reference both the Electronic Claim transaction report (BCWARPT) and the 837 Transaction Error Report to reflect a full accounting of the claims transmitted to Premera. For assistance, please contact an EDI Representative.

Note: You may have noticed recently that a new column and field titled **CH Tracking Number** have been added to this report. This change was made to include and report back the unique claim number when sent by a clearinghouse or other billing agent in the HIPAA 837 professional claim transaction in Loop 2300, REF*D9 segment, to assist in claim reconciliation. Up to 20 characters will be displayed in this new field.

997 (Functional Acknowledgement – ANSI X12 Submitters):

- The 997 is found in the ST Download Directory.
- It is the responsibility of each provider office to download their 997 after every file transmission
- The 997 is available within one hour of transmitting the file
- If any portion of your file does not pass HIPAA validation or contains other errors, all or part of the file may be rejected and reported on the 997.
- Contact your software vendor for assistance in interpreting this report.

The following are other payor reports available to you in your ST Download Directory

(previous compressed report versions)

A NEW Availity "Delayed Payer Report" is now available to provide further payer validation information.

This report provides claim warning and rejections that are not reported in the Availity Batch Report.

Availity Delayed Payer Report file names are:

- CHAVDP.NEW** (Uncompressed version)
- CHAVDP.EXE** (Compressed version)

Additional (archived) generations of the on-line reports will be available from previous transmissions, and will be numbered from most recent to oldest, such as:

- CHAVDP.1** through **CHAVDP.06** (Uncompressed)
- CHAVDP1.exe** through **CHAVDP06.exe** for (Compressed)

Please use the following steps to download your response report files:

Secure Transport (ST) users:

1. Go to your Download Directory.
2. Highlight the appropriate report file.
3. Select Download.
4. Report file will be downloaded to the appropriate report directory on your PC.

ST is available 7 days a week, 24 hours a day
