* Effective for plan years on or after 11/1/09. If an eligible, qualifying full-time student suffers a serious illness or injury, they may need to take a leave of absence from school attendance. The treating provider (M.D., D.O., A.R.N.P., or P.A.) must then complete and return the Medical Provider Medical Necessity form immediately after the dependent student stops attending school or reduces full-time attendance. This form is available on our website.

After the plan has received and processed the Medical Provider Medical Necessity form, the dependent student will then continue to be covered by the plan through the last day of the month in which one of the following events occurs:

- They lose eligibility under the health plan for a reason other than loss of full-time student status.
- The leave of absence from school is no longer medically necessary, and they do not return to school.
- The leave of absence exceeds 365 days based on the first day classes were missed or hours reduced.
- They reach the maximum student age for a dependent child under this plan.
