Interactive Voice Response

We've enhanced our Interactive Voice Response (IVR). It's faster, easier and it gives you more claim, membership and benefit information because that's what we found our providers want from Premera.

With IVR, you can find out if a claim has been paid, applied to the deductible, or in process. You can also get membership status, the effective date of coverage and much more*.

Now It's Even More Informative.

Need to know the status of a claim? Your new Enhanced Self Service now has the answers. You can also review total charges, date received, check date and number. In addition, you can obtain deductible, copay, co-insurance and claim status. Our enhanced IVR allows you to get all of this information during a single phone call.
