

## **PRE-EXISTING CONDITION WAITING PERIOD**

**Please Note:** There is no pre-existing condition waiting period for group health plans with plan effective dates on or after January 1, 2014.

If your plan was effective prior to January 1, 2014 and your plan has not yet renewed in 2014, your plan includes a waiting period for pre-existing conditions for members 19 and older. A pre-existing condition is a condition, regardless of cause, for which medical advice, diagnosis, care or treatment was recommended or received in a period of time that ends on your "enrollment date." This "look-back" period is 6 months if your employer has 50 or fewer employees or 3 months if your employer has more than 50 employees. The "enrollment date" is the employee's date of hire for an employee and eligible dependents who enroll when the employee is first eligible. If an employee is transferring from an ineligible class of employees, the enrollment date is the date the employee entered the eligible class. For everyone else, the enrollment date is the date coverage starts. Your waiting period for pre-existing conditions will be 9 months from your enrollment date if your employer has 50 or fewer employees or 3 months if your employer has more than 50 employees.

Please check with your employer if you have a question regarding the total number of employees in your company.

If your plan has a pre-existing condition waiting period, benefits won't be provided for pre-existing conditions until after your coverage becomes effective and your waiting period for pre-existing conditions has been met. The length of your waiting period for pre-existing conditions may be reduced by periods of "creditable" coverage (see below) you've accrued under other health care plans prior to your enrollment date for this plan. You'll receive credit for prior creditable coverage that occurred without a break in coverage of more than 3 months. Any coverage you had before a break in coverage which exceeds 3 months isn't credited toward your waiting period for pre-existing conditions.

Please provide a copy of the Certificate of Creditable Coverage you received from your prior insurance carrier. If you do not have a Certificate of Creditable Coverage, or have misplaced it, you have the right to request one from a prior employer or health carrier within 24 months of the date your coverage under that plan terminated. If you need help to obtain creditable coverage information from your prior plan or prior insurance carrier, please call us at the number listed below and we will help you. If prior coverage information is not provided, the full waiting period will apply.

### **CREDITABLE COVERAGE**

"Creditable Coverage" means prior or ongoing health care coverage including any group health care coverage (including the Federal Employees Health Benefits Plan and the Peace Corps), individual health care coverage (including student health plans), Medicare, Medicaid, CHAMPUS, Indian Health Service or tribal organization coverage, state high-risk pool coverage, state Children's Health Insurance Programs (SCHIP), a public health plan established or maintained by a State, the U.S. government, a foreign country, or any political subdivision of a State, the U.S. government, or a foreign country that provides health coverage to individuals who are enrolled in the plan.

### **SPECIAL ENROLLMENT RIGHTS**

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance coverage, you may be able to enroll yourself or your dependents in this plan at a future date, provided that you request enrollment within 30 days after your other coverage ends. In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents, provided that you request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption, unless a different time limit has been specified in your benefit booklet.
