You've worked hard to act any age you want.
Now is the time when freedom is yours.

Premera Blue Cross Medicare Supplement plans help you enjoy it

Our Medicare Supplement plans give you peace of mind about your healthcare coverage throughout your retirement. They cover the growing costs Original Medicare alone leaves you to pay, and give you the freedom to see any doctor who accepts Medicare.

Premera Blue Cross is a trusted name in healthcare and being helpful is number one in our book. Use the expertise of our highly-trained, local representatives to assist you in choosing the plan that's right for you. And know that if you ever have questions about the best way to use your plan, we're here to help.

You can count on us

The Premera Blue Cross Medicare Supplement plan portfolio was created based on the plan preferences our members have shown. With these plans, you can count on:

- The freedom to use any doctor or hospital that accepts Medicare
- Knowing that your plan is guaranteed renewable and portable
- Knowing that your coverage won't be terminated if your health changes
- Nationwide coverage when you travel

Premera Medicare Supplement Plans

A Medicare Supplement plan can help pay some of the healthcare costs that Original Medicare doesn't cover, like copayments, coinsurance, and deductibles. Some Medicare Supplement plans also offer coverage for services that Original Medicare doesn't cover, like medical care when you travel outside of the United States. If you have Original Medicare and you buy a Medicare Supplement plan, Medicare will pay its share of the Medicare-approved amount for covered healthcare costs. Then your Medicare Supplement plan pays its share.

With four plan options, it's easy to find the plan that is right for you.

Plan A

Rates as low as **\$169** a month

A plan with basic coverage

Plan A provides basic coverage for those with fewer hospital and physician expenses.

Plan F

Rates as low as **\$211** a month

Our most popular plan

Plan F provides 100% coverage for Medicare covered services. That means no copayments, coinsurance, or deductibles.

High Deductible Plan F

Rates as low as **\$90** a month

Like Plan F, but with a high deductible and a lower monthly rate

A nice fit if you prefer a high deductible health plan. You can use funds in an existing HSA (Health Savings Account) to pay for medical expenses applied to your deductible.

Plan N

Rates as low as **\$167** a month

Coverage with a copay

100% coverage on all Medicare-covered inpatient hospital services. After you've met your Part B deductible, you pay a copay for office visits and emergency room visits.

For more in-depth information, please refer to the Medicare Supplement Outline of Coverage.

Medicare Glossary

Medicare Part A helps pay for inpatient care in hospitals and skilled nursing facilities. Part A is available to most people who are eligible for Medicare at no cost.

Medicare Part B is available for a monthly premium. Medicare Part B helps pay for doctor visits, lab tests, durable medical equipment and outpatient hospital treatment.

Medicare Part B excess charge is the difference between the Medicare approved amount and is the amount a doctor or other healthcare provider is legally permitted to charge.

Medicare Supplement plans help cover the growing costs Original Medicare alone leaves you to pay.

Here are some other definitions to help you understand Medicare and Medicare Supplement benefits:

Covered services—the healthcare services and supplies for which your health plan(s) provides benefits.

Deductible—the amount you pay for healthcare before Original Medicare begins to pay.

Cost shares—the amount you pay, such as copays and coinsurance.

Copay—a flat fee you pay at the time a service is rendered.

Coinsurance—your share of the fee for a service. If your plan's coinsurance share is 20%, you pay 20% of the allowable charge and your plan pays the other 80% (after you meet your deductible).
