Premera Blue Cross is an HMO plan with a Medicare contract. Enrollment in Premera Blue Cross depends on contract renewal.

Important Messages About

What You Pay for Vaccines

Our plan covers most Part D vaccines at no cost to you, even if you haven't paid your deductible.

What You Pay for Insulin

You won't pay more than \$35 for a one month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on, even if you haven't paid your deductible.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Premera Blue Cross. When it refers to “plan” or “our plan,” it means Premera Blue Cross Medicare Advantage (HMO) Plans.

This document includes a list of the drugs (formulary) for our plan which is current as of 04/01/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

What is the Premera Blue Cross Medicare Advantage (HMO), Premera Blue Cross Medicare Advantage Classic (HMO), Premera Blue Cross Medicare Advantage Total Health (HMO) Formulary?

A formulary is a list of covered drugs selected by Premera Blue Cross Medicare Advantage in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Premera Blue Cross Medicare Advantage will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Premera Blue Cross Medicare Advantage network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by Premera Blue Cross Medicare Advantage, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing, tiers, or add new restrictions. We must follow the Medicare rules in making these decisions.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made:
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled *“How do I request an exception to the Premera Blue Cross Medicare Advantage (HMO), Premera Blue Cross Medicare Advantage Classic (HMO), Premera Blue Cross Medicare Advantage Total Health (HMO) Formulary?”*

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing tier, or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled *“How do I request an exception to the Premera Blue Cross Medicare Advantage (HMO), Premera Blue Cross Medicare Advantage Classic (HMO), Premera Blue Cross Medicare Advantage Total Health (HMO) Formulary?”*

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 04/01/2024. To get updated information about the drugs covered by Premera Blue Cross Medicare Advantage Plans, please contact us. Our contact information appears on the front and back cover pages. In the event of any mid-year non-maintenance formulary changes, the print formularies will be updated monthly and posted on our website.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular”. If you know what your drug is used for, look for the category name in the list that begins on page 81. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 81. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are brand-name drugs?

Brand-name drugs are manufactured and sold by the pharmaceutical company that originally researched and developed the drug. When the patent on a brand-name drug expires, other pharmaceutical companies may manufacture and sell an FDA-approved generic version of the drug with the same active ingredient(s) at lower prices. Cost-sharing for preferred brand-name drugs may be different than for nonpreferred brand-name drugs. Please see your Evidence of Coverage for more information.

What are generic drugs?

Premera Blue Cross Medicare Advantage covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs. Cost-sharing for preferred generic drugs may be different than for generic drugs. Please see your Evidence of Coverage for more information.

What are specialty-tier drugs?

Specialty-tier drugs are very high-cost drugs approved by the FDA that are on our formulary.

What are injectable Part D vaccines?

Part D vaccines are certain injectable vaccines that are covered under Medicare Part D (for example, Shingrix for shingles, Adacel for Diphtheria, Tetanus, and Pertussis, which are approved by the FDA).

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Premera Blue Cross Medicare Advantage requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Premera Blue Cross Medicare Advantage before you fill your prescriptions. If you don't get approval, Premera Blue Cross Medicare Advantage may not cover the drug.
- **Quantity Limits:** For certain drugs, Premera Blue Cross Medicare Advantage limits the amount of the drug that Premera Blue Cross Medicare Advantage will cover. For example, if it is normally considered safe to take only one pill per day for a certain drug, Premera Blue Cross Medicare Advantage may limit coverage for your prescription to no more than one pill per day. Some drugs are limited to a 30-day supply regardless of tier placement.
- **Step Therapy:** In some cases, Premera Blue Cross Medicare Advantage requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Premera Blue Cross Medicare Advantage may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Premera Blue Cross Medicare Advantage will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Premera Blue Cross Medicare Advantage to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, *“How do I request an exception to the Premera Blue Cross Medicare Advantage Plans’ formulary?”* below for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that Premera Blue Cross Medicare Advantage does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by Premera Blue Cross Medicare Advantage. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Premera Blue Cross Medicare Advantage.
- You can ask Premera Blue Cross Medicare Advantage to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Premera Blue Cross Medicare Advantage (HMO), Premera Blue Cross Medicare Advantage Classic (HMO), Premera Blue Cross Medicare Advantage Total Health (HMO) Formulary?

You can ask Premera Blue Cross Medicare Advantage to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make:

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level unless the drug is on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Premera Blue Cross Medicare Advantage limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Premera Blue Cross Medicare Advantage will only approve your request for an exception if the alternative drugs included on the plan’s formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber’s supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

Please note: You can only request an exception for drugs that are considered Medicare Part D prescription drugs by the Centers for Medicare & Medicaid Services (CMS). You cannot get an exception for drugs that are excluded under Medicare Part D. Please refer to your Evidence of Coverage for more information about requesting exceptions, including the appeals process.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we may cover an additional refill, as medically necessary. After you have used these refills, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception. Premera Blue Cross assures that members with level of care changes have access to transition supplies of medications as required. Please see the Premera Blue Cross Transition Policy on our website at premera.com/ma for more information.

For current members with level of care changes, if you enter into or are discharged from a hospital, skilled nursing facility, or long-term care facility to a different care setting or home, this is what is known as a level of care change. When your level of care changes, you may require an additional fill of your medication. We will generally cover up to a one-month supply of your Part D drugs during this level of care transition period even if the drug is not on our Drug List.

Premera Blue Cross Medicare Advantage Plans' Formulary

The formulary below provides coverage information about the drugs covered by Premera Blue Cross

Medicare Advantage. If you have trouble finding your drug in the list, turn to the Index that begins on page 81.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., metformin hcl).

The information in the Requirements/Limits column tells you if Premera Blue Cross Medicare Advantage has any special requirements for coverage of your drug.

COVERAGE NOTES ABBREVIATIONS

Drug Payment Stages and Drug Tiers

The amount you pay for a covered drug will depend on:

- Drug payment stage. There are different stages of drug coverage in your plan. The amount you pay will depend on the coverage stage you're in.
- Drug tier. There are six drug tiers. Each tier has a copay and/or co-insurance amount. The chart below shows the differences between the tiers.

Please take a look at your Evidence of Coverage for more information about drug coverage and copay or coinsurance amounts for each tier.

Drug Tier	Includes
Cost Sharing Tier 1: Preferred Generic	Tier 1 includes preferred generic drugs
Cost Sharing Tier 2: Generic	Tier 2 includes generic drugs
Cost Sharing Tier 3: Preferred Brand	Tier 3 includes preferred brand drugs and non-preferred generic drugs
Cost Sharing Tier 4: Non-Preferred Drugs	Tier 4 includes non-preferred brand drugs and non-preferred generic drugs
Cost Sharing Tier 5: Specialty Tier	Tier 5 contains very high-cost brand and generic drugs, which may require special handling and/or close monitoring
Cost Sharing Tier 6: Select Care Drugs	Tier 6 contains select drugs used to treat high blood pressure, high cholesterol, diabetes, and osteoporosis

Mail-order drugs. You may order prescription refills of certain medications through our mail order service, which may lower your costs for a three month supply. Please contact us at least 10 business days after the order has been processed and before your refills run out. Generally, you should receive them within 10 business days. If not, please contact the phone number on the prescription label for assistance. Not all drugs can be mailed; restrictions and limitations apply.
