

Premera Wellness Program

Biometric Screening

QUESTIONS & ANSWERS

What is a biometric screening?

This is a screening that measures blood sugar (also called glucose), cholesterol, and body mass index (BMI).

How is the screening conducted?

A few drops of blood are drawn from your finger. The blood from this fingerstick test is used to measure your blood sugar and cholesterol levels. Your body mass index (BMI) is calculated based on your height and weight.

The screening can be completed in one of the following ways:

- You can get screened at the office of your doctor or primary care provider.
- You can order a home test kit to complete the screenings in the privacy of your home.
- You can get screened by a certified healthcare provider at your workplace. Ask your employer whether this option is available.

Do I have to take a biometric screening?

No, participation is completely voluntary. Keep in mind that the biometric screening is one of the wellness activities that you must complete in order to receive a \$100 Visa® debit card.

Why should I participate?

The biometric screening is one of the wellness activities that you must complete in order to receive a \$100 Visa debit card. You also get to learn your health numbers. These numbers can indicate whether you may later develop health conditions such as heart disease or diabetes. Knowing your numbers can help you make informed decisions now about lifestyle choices that could help you reduce the risk for some health problems in the future.

Can my spouse, partner, or dependents take the biometric screening as part of the Wellness Program to also get a \$100 Visa card?

No. Only you as the plan's subscriber can earn the \$100 reward for taking the biometric screening and completing all of the Wellness Program activities. Your spouse, partner, or dependents are not eligible.

BLUE CROSS

An Independent Licensee of the Blue Cross Blue Shield Association

Will it cost me anything?

If you get screened by your doctor or primary care provider, this screening will be covered in full as a preventive care visit. If your doctor is not in the Premera network and/or this visit is not strictly preventive, then you may need to pay an office visit cost share. For the lowest out-of-pocket cost to you, we recommend you use the Find a Doctor tool at **premera.com** to find a healthcare provider who is in the Premera network.

If you order a home test kit, there is no cost to you.

If you complete an onsite screening at your workplace, there is no cost to you. Ask your employer whether this option is available.

How do I find a doctor or primary care provider who is in the Premera network to give me a screening?

Log in at **premera.com** and use the Find a Doctor Tool to find a doctor who is in the Premera network.

Will my biometric screening count as an annual preventive visit?

- If you get screened by your doctor or primary care provider, it **will** count as an annual preventive visit.
- If you use the home test kit, it **will not** count as an annual preventive visit.
- If you complete an onsite screening at your workplace, it **will not** count as an annual preventive visit.

SCHEDULING A BIOMETRIC SCREENING

Where can I go to complete a biometric screening?

You can:

- Get screened at the office of your doctor or primary care provider.
- Complete a home test kit.
- Get screened onsite at your workplace. Ask your employer whether this option is available.

How do I schedule a screening with my doctor or primary care provider?

Call your doctor or primary care provider to set up an appointment for a screening. Bring the following to your appointment:

- Your Premera member card
- A printed copy of the **Healthcare Provider Biometric Screening Form**. You or your doctor can fax the completed form to the number on the form.

How do I take a screening at home?

You can order your home test kit online:

1. Log in to **premera.com**.
2. Visit the Stay Healthy section and click on Wellness Tools.
3. Use the access code in the online instructions to order your kit.

How do I schedule an onsite screening at my workplace?

Ask your employer whether this option is available. If it is, your employer can tell you how to set up an appointment.

TAKING THE BIOMETRIC SCREENING

How long does the biometric screening take?

It will take about 15 minutes if you get your screening done at your workplace.

Do I need to fast before my appointment?

No. Fasting is not required. Both fasting and non-fasting screening options are available. However, a fasting health screening will give you more comprehensive results.

If I choose the fasting biometric screening, what are the rules?

If you choose to fast for the screening, you need to do so for nine hours before your appointment. That means no food or drinks other than water or black coffee during those nine hours.

What are the differences in results between fasting and non-fasting health screening?

Fasting

Body mass index
Blood glucose (or sugar)
Cholesterol:

- LDL (low density or "bad")
- HDL (high density or "good")
- Total cholesterol (TC)
- TC/HDL
- Triglycerides

Non-Fasting

Body mass index
Blood glucose (or sugar)
Cholesterol:

- HDL (high density or "good")
- Total cholesterol (TC)
- TC/HDL

YOUR BIOMETRIC SCREENING RESULTS

How can I use my results?

You can use your biometric screening results to help you complete your online health assessment. Your results may also suggest areas for you to make lifestyle changes that may reduce your risk for developing serious health conditions later.

How long does it take to get my results?

- If your doctor screens you, check with him or her to see when you will receive your results.
- If you screen yourself at home, your results will be mailed to you within 10 business days after your results from the home test kit are received in the mail.

Are my results kept confidential? How will my results be used?

Your individual results will NOT be shared with your employer. However, your health plan may use your results to offer additional health programs that could be beneficial to you.

Discrimination is Against the Law

Premera Blue Cross complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Premera does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

Premera:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact the Civil Rights Coordinator.

If you believe that Premera has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Civil Rights Coordinator - Complaints and Appeals
PO Box 91102, Seattle, WA 98111
Toll free 855-332-4535, Fax 425-918-5592, TTY 800-842-5357
Email AppealsDepartmentInquiries@Premera.com

You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, the Civil Rights Coordinator is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services
200 Independence Avenue SW, Room 509F, HHH Building
Washington, D.C. 20201, 1-800-368-1019, 800-537-7697 (TDD)
Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

Getting Help in Other Languages
