We want to make it simple and easy for you to understand your health plan.

Allowed amount: The amount we pay for healthcare services. When you receive services from in-network providers, you'll be responsible only for cost shares (deductibles, copays, and coinsurance) and charges for services not covered by the health plan. In-network providers will not bill you for charges over the allowed amount. If you receive services from out-of-network providers, you are responsible for all amounts not paid by us.

Coinsurance: Your percentage of the cost for a service. If your plan's coinsurance is 30 percent, you pay 30 percent of the allowed amount and your plan pays the other 70 percent.

Copay: This is a flat fee you pay for a specific service (such as an office visit) at the time you receive the service.

Cost Share Reduction (CSR): A discount that lowers the amount you have to pay for deductibles, coinsurance, and copays. You can get this reduction only if you buy a silver-level plan through a state or federal exchange, and your income is below a certain level.

Covered in full: A benefit that does not require cost shares. You do not pay deductibles, coinsurance, or copays for services that are covered in full.

Deductible: The amount you pay in medical costs before your health plan begins to pay.

Drug list: Sometimes called a formulary. A list of drugs covered by the plan. Not all drugs are included in every drug list.

Federal poverty level (FPL): A measure of household income, set by federal guidelines, used to determine if you are eligible for government subsidies to help pay for healthcare coverage purchased through the state or federal exchange.

In-network: Doctors, dentists, pharmacies, hospitals, and other healthcare providers that are contracted to provide services and supplies at negotiated amounts, called allowed amounts.

Out-of-pocket maximum: The maximum amount of money you will pay for covered services in a calendar year. After you've met your out-of-pocket maximum, the plan pays 100 percent for in-network services for the rest of the year.

Preferred Plus Plan: This preferred provider organization (PPO) plan is designed for the unique needs of Alaska residents. This plan provides benefits for both in-network and out-of-network providers. When you receive services from in-network providers, you will usually have lower out-of-pocket costs. The plan includes Alaska Medical Transportation benefits and access to the national Blue Cross Blue Shield BlueCard® network of providers.

Primary care provider (PCP): The doctor or other healthcare provider you designate to provide most of your healthcare needs. You can choose a different primary care provider for each family member. Your primary care doctor can be a family practice physician, general practice provider, naturopath, geriatric practice provider, gynecologist, internist, nurse practitioner, obstetrician, pediatrician, or physician assistant.

Urgent care: Illnesses or injuries need treatment right away but they are not life-threatening. Examples are high fevers, minor sprains and cuts, and ear, nose, and throat infections.

Virtual Care: Talk with a doctor by phone or online video - usually for the same cost as an in-person office visit.

If you see a non-participating provider, you will be responsible for the difference between the allowed amount and the provider's billed charges, in addition to the deductible, coinsurance, and any applicable copay. The allowed amount for a non-participating provider is determined by Premera as described in your plan member booklet.

General exclusions and limitations

Below is a list of some things that this health plan does not cover. A complete list of exclusions is available in the sample benefit booklets available on [premera.com](https://www.premera.com).
