

Outpatient Rehabilitation Management Program

THE RIGHT CARE AT THE RIGHT TIME

Our outpatient rehabilitation management program reviews treatment plans to help members with a Premera Blue Cross Blue Shield of Alaska medical plan:

- Get the right care for their condition
- Avoid paying for services that don't help with recovery
- Have benefits available when they're needed

The program includes the review of physical therapy, occupational therapy, massage therapy, and some chiropractic services (except spinal manipulations).

Reviews are conducted by eviCore*, a national leader with more than 20 years of experience managing medical benefits. eviCore is accredited by the Utilization Review Accreditation Commission and the National Committee for Quality Assurance.

Premera is dedicated to helping our members get **the best care**—and **the right kind of care**—after an illness or injury.

HOW DOES THE REVIEW PROCESS WORK?

1

A member sees their therapist, who assesses and treats their condition.

2

Their therapist tells eviCore about their condition, progress, and treatment goals, and gets authorization for initial visits (typically 4 to 6). If the therapist determines that more treatment is needed, they will submit a treatment plan for additional visits.

3

eviCore's medical professionals review the plan using medical best practices and clinical guidelines to determine the medical necessity and best duration of care.

4

Once their treatment plan is approved, they can proceed with the next visit. **Most reviews are handled by eviCore in less than one day.****

What if a treatment plan is denied?

- The member and their therapist will be notified by letter.
- Our members have several options:
 - Their therapist can revise and resubmit the plan.
 - Their therapist can review the plan with an eviCore therapist or medical director.
 - They may appeal the decision. (Details about how to appeal will be in the denial letter.)

Premera's outpatient rehabilitation management program is included in all medical plans for individuals and fully insured and OptiFlex groups.

The program is available as an optional service for self-funded groups.

Ask your Premera representative to run an analysis of your potential savings.
