Need to find a provider?

Use the Find a Doctor tool

With the Find a Doctor tool you get a list of doctors, specialists, hospitals, and urgent care centers in your health plan's network. Use the filters to find a healthcare provider who's right for you. You can also find estimated procedure costs so you can make informed choices about your care.

To get started, sign in to your account at **premera.com**. Go to Find Care and then Find a Doctor.

Or scan this code for easy access.

Tips for finding the right provider for you:

- **Use the search bar.** Search for a provider by typing their name or specialty. For best results, select from the dropdown list instead of pressing Enter.

- **Browse by category.** Choose one of the category tiles to see a list of providers in a given category.

- **Search for providers on the go.** The Find a Doctor tool is also available on the Premera mobile app. Download the app in the Apple Store or Google Play.
