

# Vaccinations made easy? That's right!

You can head off some serious illnesses before they happen with vaccinations.

Vaccinations protect you by building your immune system to fight against a variety of serious diseases.

These preventive shots are available at little to no cost at an in-network pharmacy. And, they can help protect against several diseases, such as:

- Seasonal flu
- Adult shingles
- Pneumococcal

Many pharmacies have extended or weekend hours, so you can be vaccinated when it fits your schedule. Just show your Premera ID card to the pharmacist.
