

Making healthcare work better for school districts in Washington

NEW OPPORTUNITY

No one knows the needs of school districts in Washington better than Premera Blue Cross. Since 1962, Premera has been a part of the lives of teachers, administrators, and support staff in Washington schools. Today, more than 100,000 school district employees and their families depend on the Premera Education Program. Now, for the first time in more than half a century, we can offer our health plans directly to school districts.

THE VALUE OF PREMERA

Premera is a not-for-profit that has been part of Washington for more than 80 years. Our passion is taking great care of our customers.

We offer school districts:

- The same Premera health plans they have now, plus a wide range of medical plan options, dental and vision offerings, and pharmacy plans designed to keep costs low
- An expansive network of providers and facilities throughout the state and outside of Washington through the power of the Blues
- Specialized care programs, personal health support clinicians who help customers navigate an often complex system, and help with promoting a culture of healthy living through the Premera Wellness Program
- Discounts on fitness club memberships, weight loss programs, and more
- Mobile apps and web-based tools that offer customers the convenience of finding care on the go and managing their benefits online
- A simple transition process, easy-to-use administration tools, and a new employee communication tool with the flexibility to customize
- A market-leading Knowledge Management Program that helps school districts manage costs by reviewing and comparing their plan data
