Get to know our plans

You can select from several types of Preferred health plans: bronze, silver, or gold. These levels refer to the plan cost, not the quality.

When selecting a plan, it's also important to keep in mind the provider network:

- **Health savings account (HSA):** Some plans with a high deductible let you set up an account to save and invest your money for qualified healthcare costs. An HSA has tax advantages.
- **In network:** Keep your costs lower by using an in-network care provider, pharmacy, or hospital.
- **Out of network:** Care outside of your plan's network is not covered, except for emergencies.
