

Annual Physical Examinations

Applies to: All plans

Annual Physical Examinations

Annual physical examinations are performed without relationship to treatment or diagnosis for a specific illness, symptom, complaint, or injury and aren't considered medically necessary to treat an illness or injury.

Original Medicare

Original Medicare covers a broad range of preventive services. There are two types of annual preventive office visits that are covered by Original Medicare.

- Initial preventive physical examination (also known as the "Welcome to Medicare" physical exam); this visit must occur no later than 12 months after the effective date of the beneficiary's first Part B coverage period. This visit consists of a one-time review of the beneficiary's health status and risk factors and provides education and counseling about preventive services and the development of a personalized prevention plan for the beneficiary.
- The Annual Wellness Visit (AWV) is covered for a beneficiary who has had Part B coverage for longer than 12 months and who has not received either a Welcome to Medicare or AWV within the past 12 months. The purpose of the AWV is to develop and/or update an existing personalized prevention plan based on the beneficiary's current health status.

Original Medicare does not cover annual physical examinations or preventive visits (other than those described above).

Premera Blue Cross Medicare Advantage HMO Plans Enhanced Benefit

Premera Blue Cross Medicare Advantage HMO Plans are Medicare Advantage Plans, which provides at least the same level of benefit coverage as Original Medicare (Part A and Part B) and may provide enhanced benefits beyond the scope of Original Medicare within a single healthcare plan. This flexibility allows Premera Blue Cross to offer enriched plans by using Original Medicare as the base program and adding desired benefit options.

Coverage for an annual physical examination is provided to members under all individual Premera Blue Cross Medicare Advantage HMO plans. Since Original Medicare does not cover annual physical examinations, the scope of the benefit, reimbursement methodology, maximum allowed payment amounts, and member cost sharing is determined by Premera Blue Cross.

The annual physical exam includes a detailed history and physical that focuses on the member's medical history, family history, and the performance of a head-to-toe assessment with a hands-on examination of all body systems. For example, the practitioner must use visual inspection, palpitation, auscultation, and manual examination of the enrollee to assess overall general health and detect abnormalities or signs that could indicate a disease process that should be addressed. There is no member cost share for the visit itself for members with individual coverage. However, additional cost shares may apply for any service that does not fall within the scope of a preventive screening or covered immunization as defined under Original Medicare for members.

- Premera Blue Cross Medicare Advantage HMO providers should collect the applicable cost sharing from the member at the time of the service when possible. Cost sharing refers to a flat-dollar copayment, a percentage coinsurance, or a deductible.
