

Specialty pharmacy

The Specialty Pharmacy Program is part of your Premera Blue Cross health plan.

People often need extra help to learn how to take a specialty drug. Premera's specialty pharmacy partner, Accredo, fills prescriptions and delivers them safely and promptly.

Accredo also has a pharmacist-led care team you can talk to about:

- How to take your drugs correctly
- Dosing and side-effect details
- Condition-specific information

Specialty drugs:

- Treat complex or rare conditions
- Are usually self-injected
- Need special handling, such as refrigeration
