

FOR EMPLOYERS

Heritage or Heritage Signature

Which provider network is right for your business?

Premera Blue Cross provides a choice of networks so you can select the level of coverage that works best for your employee and business needs.

Heritage

- Our broadest provider network with access to 100% of hospitals and 99% of primary care doctors in Washington state
- Includes CHI Franciscan Health and Providence Health & Services systems
- Competitive network pricing and discounts

Consider choosing Heritage if:

Check all that apply.

- Having access to the most providers in Washington state is important to your employees
- Your employees live in an area where it is important to have in-network access to CHI Franciscan Health

Heritage Signature

- Our large provider network with access to more than 37,400 hospitals and primary care doctors in Washington state
- Includes Providence Health & Services systems
- Does NOT include CHI Franciscan Health
- Offers significant savings—your company could save up to 5% on premiums and your employees could save up to 5% on out-of-pocket costs*

Consider choosing Heritage Signature if:

Check all that apply.

- Offering the lowest-cost plan to your employees is more important than having the broadest access
- If the majority of your employees do not need in-network access to CHI Franciscan Health

Did you check boxes under both Heritage and Heritage Signature?

Then consider offering both networks. Talk with your producer or Premera account manager to find out more about your options.

Both provider network options include the BlueCard™ Program – giving your employees national and worldwide access to participating doctors and hospitals.
