

# Innovative health plans designed to meet your evolving healthcare needs

---

Your employees are at the center of all we do, even those located outside of Alaska. That's why your local Premera Blue Cross Blue Shield of Alaska team offers a range of comprehensive plans that fit your budget and your employees' diverse needs.

- Thoughtful solutions that help your employees **navigate and access high-quality and cost-effective healthcare**, such as Rx Savings Solutions, medical transportation benefits, and Premera Designated Centers of Excellence.
- The **largest provider network in the state of Alaska** and with BlueCard®, Alaskans can access the largest nationwide network no matter where they live or work.
- **Matchmaker™ for Behavioral Health**. A highly personalized curated list of outpatient in-network behavioral health providers—**accepting new patients**—delivered by request for children and adults.
- A comprehensive collection of virtual **chronic condition management** solutions to support members with pre-diabetes, diabetes, and hypertension.
- **Effective clinical programs** that ensure your employees, especially those with chronic or costly conditions, are getting the right care, in the right place at the right time.
- A robust **virtual care** portfolio that provides convenient access to care. Includes **primary and urgent care, and behavioral health services**.
- Resources created just for YOU! The B'link employee communications center has **open enrollment materials** and **ready-to-share communications and timelines** specific to your plan offerings.
