

MANAGE YOUR FUNDING ACCOUNTS

# Funding Account Employer Administration Guide

Small Group

To help you get the most from your funding accounts, use this Guide to:

- Review eligibility and enrollment
- Understand the Customer Identification Program (CIP)
- Access and view the Employer Dashboard
- Manage contributions
- View and manage reports
- Understand streamlined claims
- Understand the termination and orphan process

## Eligibility and Enrollment

A welcome letter is generated upon receipt of enrollment and the health Savings Account (HSA) opening. Healthcare payment cards are mailed within five (5) business days. Funds will be available for use within three (3) business days once contributions have been submitted.

## Customer Identification Program (CIP) Process

CIP is a validation process for bank accounts that is required under the USA PATRIOT Act. The Act mandates that all financial institutions obtain, verify, and record information identifying each person who opens an account. For detailed information on the CIP process, please use the link below: [Customer Identification Program \(CIP\) Process \(sharepoint.com\)](#)

### *How the CIP Process Works:*

The CIP process typically takes three (3) days to complete. If CIP is not passed automatically, the employee will receive a request via email or USPS for additional information (e.g. Driver's License, Social Security cards) needed to complete their validation.

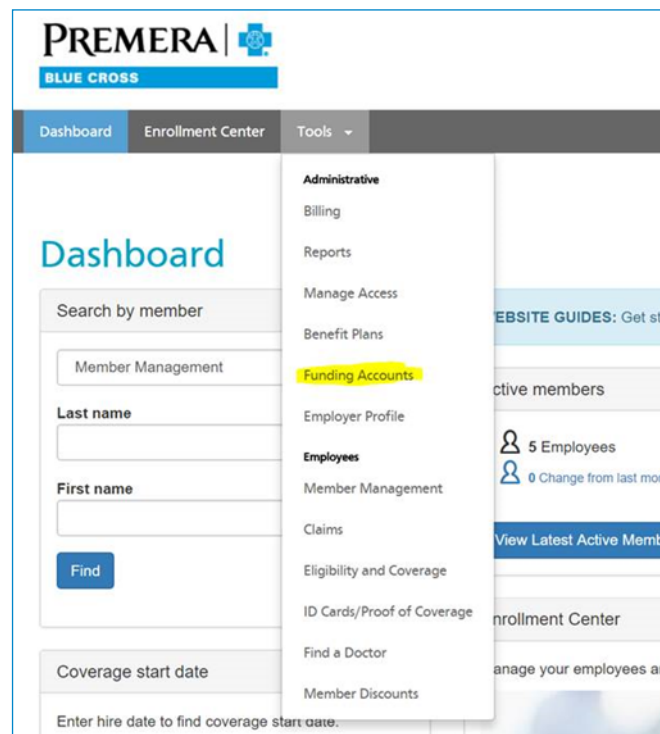

You can view CIP status online via the CIP Dashboard to monitor your employees' accounts.

## Access and View the Employer Dashboard

Access to administrative tasks for funding accounts is managed through the Premera Employer portal. Your authorized group administrator must contact the Premera Help Desk at 800-722-9780 to request a registration link to access the Premera Employer portal.

To grant additional access to the Funding Account Employer Dashboard, your group administrator will need to grant access on the Premera.com Employer portal with the role of either Admin or Financial User. Appropriate access will be assigned based on a user's role.

Once on the Premera Employer portal, select "Tools" on the main navigation bar at the top of your screen and then select "Funding Accounts" to access your Employer Dashboard and manage HSA products.

## Manage Contributions

- Employer dashboard—The employer dashboard which is the web portal where the group administrator can upload contributions.

# Employer Dashboard Contributions

## Off-cycle

An off-cycle contribution is an ad-hoc option that allows online submission of contributions for multiple employees with active accounts. This is the preferred method when there is a smaller population to enter contributions for.

Once you have accessed the home page of the employer dashboard, click on Process off-cycle group contributions.

Welcome Kim

Process group contributions online by payroll cycle

Process off-cycle group contributions online

Use a spreadsheet to submit contributions

## Steps to follow

- Enter the HSA contributions for each employee listed.
- HSA Employer —If you are making an employer contribution, enter the amount in this column.
- HSA Employee—If your employee is making a contribution, enter the payroll deduction amount in this column.

## Off-Cycle Contributions

Enter contribution information below and click "Next."

Invoice details (applies to all contributions)

Memo:

Payroll Payment

Payment Date:

03/10/2021

Contribution details (allows for active policies only)

Employee	HSA Employee	HSA Employer
John Doe	0	0
Jane Smith	0	0
Mike Johnson	0	0
Sarah Lee	0	0
David Kim	0	0
Emily White	0	0
Chris Brown	0	0
Alex Green	0	0
Olivia Black	0	0
Noah Gray	0	0

Next

- Select the Next button when complete.
- Verify the contribution details and select Submit to finalize the contributions.

[Process off-cycle group contributions online](#)

[Use a spreadsheet to submit contributions](#)

## Steps to follow

- Step 1: select a pay site: Choose the option that will be in the dropdown box for your group. The pay site for most groups will be All Employees (as shown). If you have multiple pay sites, select the appropriate site. The contribution process must be completed separately for each pay site.
- Step 2 enter your payroll date in the Contribution Date Field.
  - ◊ Be sure to read the flagged message.
- Step 3 the payroll identifiers generate once step 2 is completed. \*These will be used in column B of the excel template. EE = Employee and ER = Employer.
- Step 4: download Excel template. Populate column A with SSN (No dashes), column B payroll identifier(s), and column C contribution amount. Employee and Employer contributions need to be on separate rows. Upon completion, save this template to your desktop for upload (step 6).
- Step 5 contribution file recap—Review to ensure the right pay site and pay date have been selected.

## Spreadsheet Contributions

Follow these steps to create your contribution settings.

### STEP 1 : Select a Pay Site

All Employees

### STEP 3 : Payroll Identifier

Below is a list of Payroll Identifiers you will need to enter into the spreadsheet prior to uploading.

Payroll Identifiers		
Account Type	Plan Year	Payroll Identifier
HSA: HSA-EE	2020	HSAEE2020
HSA: HSA-ER	2020	HSAER2020

### STEP 4 : Download Excel Template

Click the button below to download the Excel Template.

Download Excel Template

Review the information below. Click the Make Changes button to return to the prior page to make any edits.

### STEP 5 : Contribution File Information

#### Contribution File Information

Employer	Pay Site	Invoice Date
Premiera Blue Cross Demo 2017	All Employees	11/24/2017

Make Changes

- Step 6 upload and validate the file.
- Click Browse to select the saved spreadsheet you want to upload.
- Click Validate Spreadsheet. If there are no errors, click Submit Contributions.

**STEP 6 : Upload and Validate File**

Browse to select your saved file, upload the file and validate the file for processing.

[Browse](#)

HSA 51Test\_Contribution Upload.xls - Completed ✕

• HSA 51Test\_Contribution Upload.xls

[Upload File](#)

[Validate Spreadsheet](#)

Validate Spreadsheet box will populate after you've uploaded the file.

- Step 7 Review the contribution summary.

Please verify your contribution upload:

**STEP 7 : Contribution Summary**

**Contribution Summary**

Invoice ID: **12466577**

Deduction Date: **11/24/2017**

- Step 8 contribution details, click Cancel Contributions to cancel the upload and correct any errors. If no errors were identified, proceed to Process Contributions.

#### STEP 8 : Contribution Details

Click Cancel Contributions to cancel the upload and correct any errors. To load the contributions, click 'Process Contributions'. Only the records that are loaded successfully will be processed. Click the + to view the contributions details.

**Contribution Details**

Record by Status: **4 Errors** +

**4 Total Records** +

Record by Account:

<b>HSAER21</b>	<b>2 records for \$50.00</b> +
<b>HSAEE21</b>	<b>2 records for \$175.00</b> +

[Cancel Contributions](#)

- If you receive an error once the contribution file has validated, you can expand the + indicator to see the Social Security Number(s) that caused the error.

**Spreadsheet Contributions**

Please verify your contribution upload:

**Contribution Summary**

Invoice ID: **12653158**

Deduction Date: **12/31/2018**

Status	Employee	Payroll Identifier	Amount	Message
ERROR	123456777	HSAER2018	\$75.00	3019: Census and enrollment could not be found in the system.
ERROR	555227777	HSAEE2018	\$25.00	3019: Census and enrollment could not be found in the system.

[Back](#)

The most common error for a Social Security Number is "Census and enrollment could not be found in the system." This means enrollment from Premera to Optum Financial has not had enough time to process.

- If the Social Security Number displayed was a mistype on your file, click Cancel Contributions, return to the Excel spreadsheet to make the correction, and initiate the steps to upload again.
- To load contributions, click Process Contributions. Only the records that are loaded successfully will be processed.
- If the Social Security Number is valid and needs time to be set up in the Premera system, you can elect to keep the SSN on the file and proceed with processing the contribution file. When the SSN has been confirmed as contribution-ready, you can refer to the Contribution Invoice Rejection Report to complete.

**NOTE:** Status of "processing" does not change. This is the final screen and you can simply click Exit as soon as you land on this page.

**Contribution Details**

Record by Status: **4 Loads** ⓘ

## Contribution and Invoice Processing

Health Savings Account (HSA) and Dependent Care Flexible Spending Account (DCFSA) contributions require transmission via a contribution method. Flexible Spending Account (FSA) contribution amounts can also be included if the dashboard reports will be used for reconciliation.

After the contribution file is processed, funds are only debited from the bank account on file for the amount of the successful HSA contributions. Funds are debited on a separate weekly claim pull from the four percent (4%) impressed balance for FSA, HRA and DCFSA claims as they are incurred.

*Business Banking Day 1 by 9 a.m. Pacific Standard Time (PST)*

- Submission via Employer Dashboard
  - ◇ The contributions are processed immediately once submitted.
    - ◆ The invoice (Contribution Funding Report or CFR) for the HSA contributions is generated and sent to the group via email, and includes all HSA contributions that processed without error.
    - ◆ The CFR will show the amount of funds that will be debited through ACH from your specified bank account, and the debit can take place as early as the next banking day.
      - \* Please Note: In order to stop a CFR pull, your Vendor Account Specialist needs to be notified before 12:00 p.m. Pacific Standard Time the day the CFR invoice is generated. To initiate outreach, please contact your Vendor Account Specialist at [OpsSysPersonalFundAcctSupp@PREMERA.com](mailto:OpsSysPersonalFundAcctSupp@PREMERA.com).
    - ◆ Once the contributions are processed all funds are viewable in the member's accounts on the member portal. HSA funds will show as pending contributions.

### *Business Banking Day 2 afternoon*

- ACH debit is initiated to your bank for HSA contributions. Funds are pulled from the bank overnight, and can be seen in the bank account activity the next banking business day.
- There is no notification of a successful transaction. You will be notified by email of any failed transactions with detail of the reason for the failure and next steps.

### *Business Banking Day 3 by 6 a.m. PST*

- The contribution file is sent at 11:30 a.m. PST; funds are available on payment cards later that day. HSA funds show as settled transactions in the members' accounts and in the available balance section on the member portal.

## **View and Manage Reports**

There are reports to help you manage your funding accounts. Below are examples:

### *Account Balance and Administrative Reports*

- "Participant Accounts" –employee-level detail of health savings account contributions for the selected plan year.
- "Participation Accounts Utilization and Forfeitures" - employee-level data on savings accounts and remaining balances.

### *Funding and Contribution Reports*

- "Contribution Invoice Funding Details" – details on contributions successfully posted for the selected funding invoice.
- "Employee Contribution" – a listing of contributions for a particular employee for a given date range.
- "Contribution Invoice Discrepancies" – contribution details needed to reconcile a specific Contribution Funding Request.
- "Contribution Invoice Rejections" - when contributions are not loaded due to a lack of census or enrollment records, displayed rejected records can be resubmitted through this report once census and enrollment has been corrected.
- *Claims Reports – (Reports for your notional accounts)*
  - ◊ "Paid Claims" – identifies all claims paid for a specific time period.

## Understanding the Termination and Orphan Process

When a member with a HSA is terminated from their account in the Premera system they are sent a communication to let them know:

- You no longer provide their account.
- How to access their account online
- They are responsible for the monthly maintenance fee and other applicable fees
- They will receive a new payment card to access their funds.
