

# What employers are saying about Peak Care

---

## HEAR FROM SATISFIED PEAK CARE CUSTOMERS

Peak Care offers a journey where both you and your employees will get quality care at a fair price. An integrated collaboration between health plan and provider smooths the path for your employees, allowing them to focus on their health.

Peak Care is critical to your bottom line and your employees are well taken care of. It's affordable, yet rich in benefits.

– Puyallup Dermatology

Really the biggest benefit we experience with Peak Care is the ability to provide an attractive and more affordable plan choice for our employees that saves them money.

– Korum Ford-Lincoln-Hyundai

We chose Peak Care because affordable health care is important for our employees. With having 260 employees, everyone is so different in their needs. A PPO plan isn't always the best for someone who is younger and doesn't go to the doctor. An HSA may be the best plan for someone who may have fewer medical issues. It really varies, so we wanted to offer more.
