

Transition Fill

PHARMACY

Transition Fill makes it possible for new Premera Blue Cross Blue Shield of Alaska members to maintain their prescriptions with a temporary fill while transitioning to their new Premera health plan. Transition Fill is available to members during the first 90 days of the plan. It allows one fill of the medication without going through the normal prior authorization process.

Medications included in Transition Fill

- Non-formulary medications
- Step therapy medications
- Prior authorization medications

Medications excluded from Transition Fill

- Specialty medications
- All narcotic or opioid medications
- Quantity limit medications
- Benefit exclusion medications
- Over-the-counter medications

Exclusions

- Existing groups
- Groups with carved out pharmacy
- Medicare and FEP

Transition Fill is available to new groups only at no additional cost.

Contact your **Premera account representative** for more information.
