

Formulary (Drug List Changes)

UPCOMING CHANGES Effective 01-01-2026

This Drug List Changes applies to the following Formularies:

- Preferred (B3, B4)
- Essentials (E1, E4)
- Metallic (M1, M2, M4)

Most of the changes in drug coverage happen at the beginning of each year (January 1). However, during the year, we may make changes to the formulary. For example, we may:

- Add or remove drugs from the formulary
- Move a drug to a higher or lower cost-sharing tier
- Add or remove a restriction on coverage for a drug
- Replace a brand name drug with a generic drug

Drug List Changes

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., metformin oral tablet).

If you are unsure what plan you are on, check the front of your member ID card or call customer service at 800-722-1471 (TTY:711), Monday through Friday, 5 am to 8 pm Pacific time.
