Title	Modifier 33 - Preventive Services		
Number	CP.PP.372.v2.0		
Last Approval Date	05/12/26	Original Effective Date	04/08/11
Cross Reference	- <i>Benefit Coverage guideline Medical Policy- 10.01.523-Preventive Care</i>		

Coverage of any service is determined by a member's eligibility, benefit limits for the service or services rendered and the application of the Plan's Medical Policy. Final payment is subject to the application of claims adjudication edits common to the industry and the **Plan's professional or facility services claims coding policies**. Reimbursement is restricted to the provider's scope of practice as well as the fee schedule applicable to that provider.

Purpose	To define when the Plan recognizes services appended with Modifier 33 that are submitted on a professional claim.
Scope	Applies to all Premera Blue Cross, Premera Blue Cross Blue Shield of Alaska, LifeWise Health Plan of Washington, LifeWise Assurance Company and Premera Blue Cross HMO lines of business and products
Definitions	<p><u>Patient Protection and Affordable Care Act (PPACA)</u>: Also known as the "Affordable Care Act," is a federal statute signed into law on March 23, 2010. It was enacted to expand health insurance coverage, lower healthcare costs and improve the quality of care. Hospitals and primary care physicians are required to change their practices to achieve better health outcomes, lower costs, and improve their distribution of services and accessibility.</p> <p><u>United States Preventive Services Task Force (USPSTF)</u>: An independent volunteer panel of experts in primary care, prevention, and evidence-based medicine. The Task Force works to improve the health of Americans by making evidence-based recommendations about clinical preventive services such as medical screenings, counseling services, and preventive medications in adults and children who have no symptoms.</p>
Policy	<p>The Plan recognizes Modifier 33-<i>Preventive service</i> when appended to a service to represent a preventive service(s), as mandated under the terms of the PPACA comprehensive healthcare reform law and as defined in accordance with:</p> <ul style="list-style-type: none"> • United States Preventive Services Task Force (USPSTF) grade A or B recommendations • Advisory Committee on Immunization Practices (ACIP) recommendations adopted by the Director of the Center for Disease Control and Prevention (CDC) • Health Resources and Services Administration (HRSA) supported comprehensive guidelines which are published by any of the following sources: <ul style="list-style-type: none"> ○ The Bright Futures Recommendations for Pediatric Preventive Health Care schedule of services ○ Uniform Panel of the Secretary's Advisory Committee on Heritable Disorders in Newborns and Children ○ Specific women's health care services and guidelines adopted by HRSA <p>Appending modifier 33 to a procedure code indicates that the service is a preventive service and one that waives a patient's cost share on the service.</p>

	<p>Use of modifier 33 is appropriate with a CPT or HCPCS code(s) that are diagnostic/therapeutic/screening services being performed as a preventive healthcare service. Appending modifier 33 to a service that is being rendered for the treatment of illness or injury, as defined in member benefits, does not guarantee that the service will be processed as a preventive healthcare service. Member benefits are applied based on the claim adjudication system.</p> <p>Modifier 33 should not be appended to services specifically identified as preventive or inherently preventive per the code description (ex. 77067- Screening mammography, bilateral (2-view study of each breast), including computer-aided detection (CAD) when performed).</p>
Violations of Policy	Violations of this policy by any party that enters into a written arrangement with the Plan may result in increased auditing and monitoring, performance guarantee contractual penalties, and/or termination of the contract. Disciplinary actions will be determined by the Plan.
Exceptions	Exceptions section: Exceptions to the policy may be made where a provider or employer group contract dictates otherwise.
