Coverage of any service is determined by a member's eligibility, benefit limits for the service or services rendered and the application of the Plan's Medical Policy. Final payment is subject to the application of claims adjudication edits common to the industry and the **Plan's professional or facility services claims coding policies**. Reimbursement is restricted to the provider's scope of practice as well as the fee schedule applicable to that provider.

<b>Purpose/ Application</b>	To identify how the Plan recognizes Modifier 51 when appended on a procedure code submitted on a CMS 1500 paper claim or 837P electronic claim form.
<b>Scope</b>	Applies to all Premera Blue Cross, Premera Blue Cross Blue Shield of Alaska, LifeWise Health Plan of Washington, LifeWise Assurance Company and Premera Blue Cross HMO lines of business and products.
<b>Definitions</b>	<b>Primary Procedure Code</b> – the billed code with the highest maximum allowed amount compared to all of the other procedure codes billed on the same claim, same date of service by the same provider that are eligible for multiple procedure reduction.
<b>Policy</b>	<p>When multiple procedures, other than Evaluation and Management (E&amp;M), Physical Medicine and Rehabilitation services or provision of supplies (e.g., vaccines) are performed at the <u>same session by the same provider</u>, the primary procedure or service should be reported as listed. The additional procedures or services may be identified by appending modifier 51 to each procedure.</p> <p>The Plan does not use modifier 51 to determine multiple procedure reductions. Multiple procedure reductions are primarily determined based on the multiple procedure indicator flag in the current CMS National Physician Fee Schedule (NPFS) Relative Value Guide as follows <a href="#">(LINK)</a>:</p> <ul style="list-style-type: none"> <li>• <b>0</b> = No payment adjustment rules for multiple procedure apply</li> <li>• <b>1</b> = Standard payment adjustment rules apply</li> <li>• <b>2</b> = Standard payment adjustment rules for multiple procedures apply</li> <li>• <b>3</b> = Special rules for multiple endoscopic procedure apply if procedure is billed with another endoscopy procedure in the same family</li> <li>• <b>4</b> = Special rules for the technical component (TC) of diagnostic imaging procedures apply</li> <li>• <b>6</b> = Special rules apply to the second highest and subsequent procedure to the technical component (TC) of diagnostic cardiovascular services</li> <li>• <b>7</b> = Special rules apply to the second highest and subsequent procedures technical component (TC) of diagnostic ophthalmology services</li> <li>• <b>9</b> = Concept does not apply</li> </ul>

	<p>Codes that are identified in the NPFS with the flag indicator of <i>9-Concept does not apply</i> may utilize other resources such as the AMA CPT Codebook or professional societies and colleges to make exceptions.</p> <p>Modifier 51 should not be appended to the following categories of codes:</p> <ul style="list-style-type: none"> <li>• Designated “add-on” codes as found in the CPT Codebook with either the plus symbol ( + ) or listed in Appendix D, or</li> <li>• Procedure codes that are exempt from modifier 51 as listed in Appendix E in the CPT Codebook</li> </ul> <p>No reimbursement adjustment is applied to Modifier 51. Codes which are appended with modifier 51 will be reimbursed consistent with the current criteria as contained in the Payment Policies noted in the “Cross Reference” section at the beginning of this policy.</p>
<b>Codes and Coding Guidelines</b>	
<b>Violations of Policy</b>	<p>Violations of this policy by any party that enters into a written arrangement with the Plan may result in increased auditing and monitoring, performance guarantee contractual penalties and/or termination of the contract. Disciplinary actions will be determined at the Plan’s sole discretion.</p> <p>Violations of this policy may be grounds for corrective action, up to and including termination of employment.</p>
<b>Exceptions</b>	<ul style="list-style-type: none"> <li>• Add on codes (CPT Codebook – Appendix D)</li> <li>• Modifier 51 exempt codes (CPT Codebook - Appendix E)</li> </ul>
